

Kulicke & Soffa to Participate at IPC APEX EXPO 2020

February 3, 2020

SINGAPORE--(BUSINESS WIRE)--Feb. 3, 2020-- Kulicke & Soffa Industries, Inc. (NASDAQ: KLIC) ("Kulicke & Soffa", "K&S" or the "Company"), announced today that it will be exhibiting at the IPC APEX EXPO 2020 trade show from February 4 through February 6, 2020.

Kulicke & Soffa will showcase its latest tape feeding platform, the SlimFit Tape Feeder. This new tape feeding platform is engineered with increased feeding capacity supporting a wide range of feeder sizes ranging from 4mm to 88mm, delivering better pick performance and lower cost-of-ownership.

Along with the SlimFit Tape Feeder, K&S will showcase the iFlex T2 and iFlex H1 placement systems at the trade show. There will also be a Virtual CFX demonstration highlighting the iFlex platforms performance monitoring, traceability, vPlan/NPI and material management features.

"We are excited to showcase these latest solutions which further increase operational flexibility and capacity in support of the dynamic and evolving electronic assembly market. The latest SlimFit Tape Feeder combined with the redesigned iFlex modular placement system delivers performance, operational efficiency and reduced cost-of-ownership," said Chan Pin Chong, Kulicke & Soffa's Executive Vice President and General Manager of Products and Solutions.

Customers can view these technical solutions at IPC APEX EXPO 2020 trade show in California, San Diego Convention Center, Booth #2421.

About Kulicke & Soffa

Kulicke & Soffa (NASDAQ: KLIC) is a leading provider of semiconductor packaging and electronic assembly solutions supporting the global automotive, consumer, communications, computing and industrial segments. As a pioneer in the semiconductor space, K&S has provided customers with market leading packaging solutions for decades. In recent years, K&S has expanded its product offerings through strategic acquisitions and organic development, adding advanced packaging, electronics assembly, wedge bonding and a broader range of expendable tools to its core offerings. Combined with its extensive expertise in process technology and focus on development, K&S is well positioned to help customers meet the challenges of packaging and assembling the next-generation of electronic devices.
